

Queensland climate movement summit

Saturday, October 25th, from 9am
Dutton Park State School Hall, Annerley Rd.

We'd like to invite you to be a part of the inaugural Queensland Climate Movement Summit - one of the most exciting grassroots community convergences in Queensland of recent years.

The Summit is an opportunity for activists, thinkers and citizens to meet to discuss ideas, issues, opportunities, campaigns and strategies in response to the impacts of climate change. The overall aim is to encourage discussion and co-operation between groups and individuals who are working on (or interested in) climate change in order to strengthen and build a movement for change.

The summit will be open-space discussions and workshops. It will be what we make it.

- Bring a 2 minute spiel to introduce the issues that are key to your group and your plans and ideas for the coming months and years.
- Propose a workshop or discussion that addresses the challenges, issues and ideas that you think are most important to building an effective movement, or to build support for your campaign ideas.
- Open organising: If you have an idea for a process or want to help make the day as effective for all as possible, contact Brad (ph 0413 280 006) or Shani (ph 0423050809).

Date: Saturday, October 25th, 9 am to 5 pm, at Dutton Park State School Hall, Annerley Rd
Workshop materials, AV presentation aids, lunch, snacks, coffee and tea will be provided.

RSVP to bradley.r.smith@gmail.com, ph 0413280006 by 20th October.
